

When designing a new playground who better to ask for design advice than the kids who will be playing there. YOU are the expert playground designer, and we would like you to draw a picture or tell us about your dream playground! We want our playground to reflect the Center and experiences living in the West – so keep that in mind as you create your design. Your ideas could be incorporated into the final playground design.

Artwork will be on display during the Hootin' Howlin' Halloween Event Friday, October 31st from 1:30–4:30 pm. Please plan to join us for the unveiling of the new playground design!

Visit centerofthewest.org/learn for details about the playground project.
