The Center has over 104,000 objects; more than 1 million historical photographs; 36,000 books; and 7,800 linear feet of documents and records in its collections. The Center is noted for its historical objects related to William F. "Buffalo Bill" Cody, Plains Indians culture, western art, and firearms. The Center uses these collections to reach over 170,000 visitors to our facility annually through interactive and interpretive programs including exhibitions, adult and family programs, scholarly lectures, research projects and similar programs. It also has a growing collection of natural history specimens used by staff and outside researchers for reference and research related to biodiversity in the Greater Yellowstone Ecosystem and the Rocky Mountain West. The Center

reaches almost 765,000 individual web users each year who access collections, programs and information about the American West through our website.
